Concord: Debbie Faires

"I loved the Summer Bike Challenge. I live in Concord and went 'the extra mile' on all of the items on the list. This challenge motivated me to get out on my bike regularly and I enjoyed visiting places in Concord that I have never been before, even though I have lived here almost 40 years! Thanks for the structure and the motivation."

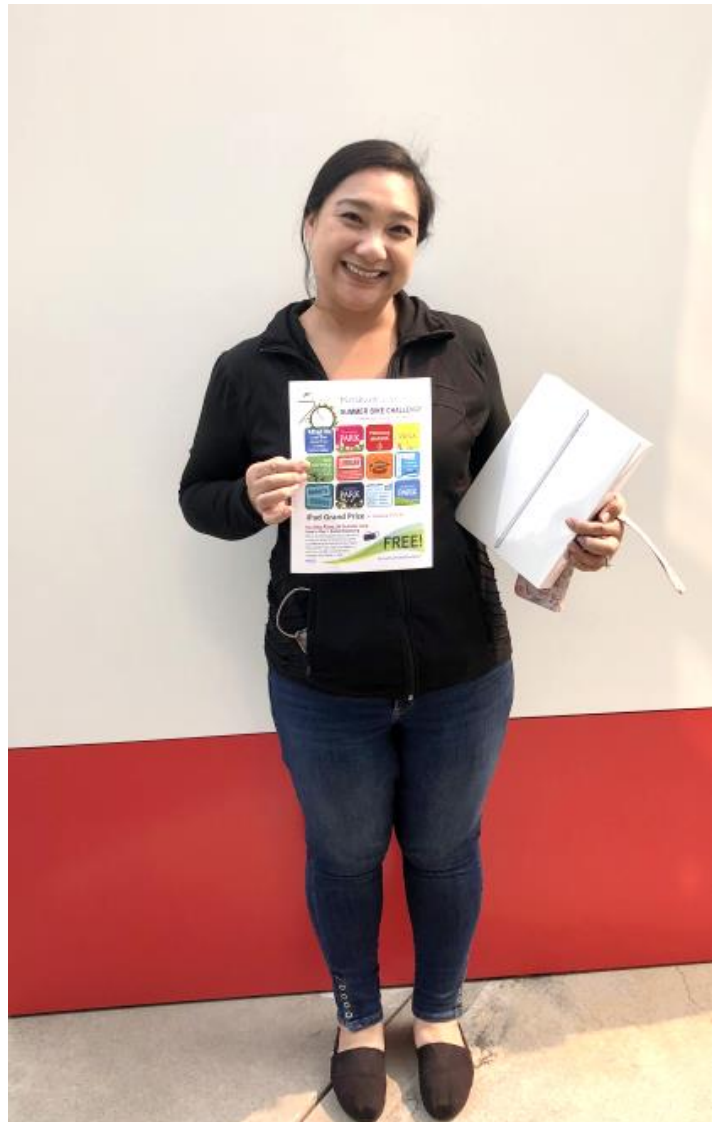

Martinez: Oliver, Tommie, and Theodore Symonds "We had the Summer Bike Challenge taped to the refrigerator all summer and enjoyed crossing off the squares one by one."

Oakley: Carolyn & Dan DellaChiesa
“Thanks for the fun incentive to get out and bike our community this summer. It was fun having our granddaughter join us for portions of the rides.”

Pittsburg: Aileen Martija completed the Challenge with her four children: two in college, one a student at Hillview Middle School, and the other who attends Foothill Elementary.
“This was the best thing we did all summer!”
