Stage Construction Notice / Loss of Parking Stalls

Buskirk Avenue Widening Phase 2 Improvement Project City Project No. 09-12

Work Locations:

Most of the new roadway construction for this current stage of work will be occurring in 2 locations:

- The eastern row of Crossroads Shopping Center parking stalls adjacent to Buskirk Avenue will be closed for construction. This first row of parking stalls is from approximately Sport Clips / Chiropractor stores to the Shopping center driveway near Buskirk Avenue / Elmira Drive intersection. The shopping center driveway will remain open depending on shopping center activities and onsite traffic circulation plans.
- Buskirk Avenue from Buskirk Avenue / Elmira Drive intersection to Hookston Road will be closed for construction for an anticipated time period of two months.

PURPOSE AND DESCRIPTION OF WORK

Construction in this area will remove the existing Crossroads Shopping Center parking stalls (one row) and one lane of traffic, and use this area to widen Buskirk Avenue to two lanes in each direction. Two additional driveways into the Crossroads Shopping Center will be added as part of construction in this stage. The southern section of Buskirk Avenue is being closed for construction of the new traffic signal intersection at the southern perimeter of the Crossroads Shopping Center driveway.

CONSTRUCTION SCHEDULE

Construction is scheduled to begin the week of May 20th.

TYPICAL WORK HOURS AND DAYS:

8:00am – 5:00pm Monday to Friday Some variations will occur including working nights and weekends depending on construction activities.

TRAFFIC IMPACT

Buskirk Avenue will be closed from Elmira Drive to Hookston Road (along the southern perimeter of the Crossroads Shopping Center). Traffic will be detoured off of this section of Buskirk Avenue, using Elmira Drive and Hookston Road as a detour route. Buskirk Avenue will remain open to two way traffic north of Elmira Lane.
